

HOSE REELS AND CARTS

Claber offers the most comprehensive range of hose reels and carts for all of your needs in the garden or on your patio or terrace. Versatile, sturdy and easy to manoeuvre, they are also available as a kit, complete with hose, spray nozzle and accessories, with a metal structure for top performance.

THE COMPACT SOLUTIONS

Thanks to their compact size, Claber hose reels are the ideal solution for small and medium-sized gardens and terraces.

Their unmistakable design is also multi-purpose, as they can be used on the ground or mounted on the wall.

Lightweight, stable and easy to manoeuvre, they can be assembled in a flash, without any tools.

They also come in a kit complete with hose, accessories and a spray nozzle or pistol.

ECO 0

8866

Eco 0 wall hanger for garden hose. Reinforced grooves make it extremely hard-wearing. Easy wall mounting option.

code	packaging	qty	pack size (cm)	box size (cm)	volume (m ³)	weight (kg)	pcs/pallet	
8866		8	25 x 15,1 x 16,3	27 x 47 x 18	0,022	2,42	280	

MINI-SET UTILITY

9028

Compact hose reel with accessories, ready-to-use. Provided with retractable handle for ease of transport and placement. Can be wall-mounted. Easy to store away tidily with places to house the pistol, couplings and connectors. It includes: 10 metres of 9-13 mm hose, 3/4" (20-27 mm) tap connector with 1/2" (15-21 mm) reducer, 2 automatic couplings, 1 spray pistol with dual pattern (jet or fan).

code	packaging	qty	pack size (cm)	box size (cm)	volume (m ³)	weight (kg)	pcs/pallet	
9028		1	21 x 25 x 14	21 x 25 x 14	0,007	1,46	96	

MINI-SET BALCONY

9031

Compact hose reel with accessories, ready-to-use. Provided with retractable handle for ease of transport and placement. Can be mounted. Easy-to-store, thanks to its conveniently located recesses, designed to house couplings, tap connector and pistol. Includes: 10 metres of Ø 9-13 mm hose, 3/4" (20-27 mm) tap connector with 1/2" (15-21 mm) reducer, 2 automatic couplings, 1 multifunction pistol with aerator.

code	packaging	qty	pack size (cm)	box size (cm)	volume (m ³)	weight (kg)	pcs/pallet	
9031		1	21 x 25 x 14	21 x 25 x 14	0,007	1,51	96	

AQUAPONY

8887

Compact hose reel that can be used free standing or wall mounted. Space-saving design. Complete with automatic coupling.

code	packaging	qty	pack size (cm)	box size (cm)	volume (m ³)	weight (kg)	pcs/pallet

8974		1	40 x 40 x 12	40 x 40 x 12	0,019	4,50	54	

THE ESSENTIALS

Claber's work on its carts also continues to develop, offering several benefits both in store and in the garden.

Made of sturdy plastic, these models can be easily assembled, without needing any tools.

This is thanks to the new assembly mechanism for the flanges and the reinforced drum.

The new plastic handle is ergonomic and ensures a comfortable grip; a feature that has also shrunk the size of the packaging, now even more compact and easier to transport.

ECOSEI

8980

Comes disassembled in a kit, for rapid, easy assembly without tools. Ergonomic plastic handle. Sturdy, lightweight rust-proof aluminium frame. New cross sections without sharp edges, with tubular strengthening structure. Reel drum turns smoothly on delrin bearings. Contoured, partly enclosed wheels for movement between even the tightest spaces. Coupling supplied for hose connection; hose holding clip included. Compact packaging to facilitate transport, storage and display in retail outlets.

code	packaging	qty	pack size (cm)	box size (cm)	volume (m ³)	weight (kg)	pcs/pallet	
8980		1	40 x 40 x 12	40 x 40 x 12	0,019	2,88	54	8 000625 089802

ECOSEI KIT

8981

The kit consists in the hose cart Ecosei disassembled, packed in a carton supplied complete with:

- 20 m of 1/2" (12,5 mm) Silver Elegant Plus hose
- 3/4" (20-27 mm) tap connector + reducer 1/2" (15-21 mm)
- 4 couplings (2 for preparing the extension)
- spray nozzle
- hose holding clip.

GENIUS®, NUMBER ONE FOR MEDIUM-SIZED GARDENS

Reinforced cross-bars, a special anti-twist groove and a lower centre of gravity to enhance its stability: these are the features that make Genius the ideal cart for medium-sized gardens. Both handy and sturdy, they can be used to unwind up to 100 metres of hose, depending on the model, while still being practical to use. The winding knob has been carefully studied to guarantee a comfortable grip and to make the hose easy to unwind and rewind. All with the same guaranteed Claber quality. The aluminium frame is rustproof, sturdy and quick and easy to assemble without the need of tools.

GENIUS 60

8862

Genius hose cart, ideal for medium-sized gardens.
Comes disassembled in a kit for quick and easy assembly, without tools.
Lightweight, sturdy, rustproof aluminium frame.
Reinforced plastic drum, mounted on Delrin bearings, meaning it rewinds without causing friction. Easy-grip knob to make the hose handy to rewind.
Coupling supplied for hose connection; hose holding clip included.

code	packaging	qty	pack size (cm)	box size (cm)	volume (m ³)	weight (kg)	pcs/pallet	
8862		1	40 x 40 x 49	40 x 40 x 49	0,076	3,14	24	8 000625 088621

GENIUS 100

8872

Genius hose reel cart, ideal for large gardens.
Comes disassembled in a kit for quick and easy assembly, without tools.
Lightweight, sturdy, rustproof aluminium frame.
Reinforced plastic drum, mounted on Delrin bearings, meaning it rewinds without causing friction.
Large size wheels covered in rubber giving high stability, ideal for heavier load.
Easy-grip knob to make the hose handy to rewind.
Coupling supplied for hose connection; hose holding clip included.

FOR THE PROS

The most high-performing Claber carts are for the most demanding customers, ideal for those looking for professional quality and handiness. The structure is made entirely of metal and the surface has been treated to make the product last over time.

The winding handle is handy and enables a smooth rewind of the hose. The drum is mounted on acetal resin bearings, making it easier to rewind without causing friction. The perfect compromise for a sturdy yet handy product.

METAL 40

8890

Removable hose reel for wall mounting, comes in a kit for easy, tool-free assembly. The frame and drum are constructed entirely of metal. Epoxy resin finish helps protect the metal work from the elements over time. Supplied complete with two wall brackets, universal hose connector and hose holding clip.

code	packaging	qty	pack size (cm)	box size (cm)	volume (m ³)	weight (kg)	pcs/pallet	
8890		1	40 x 40 x 12	40 x 40 x 12	0,019	5,40	54	8 000625 088904

METAL 60

8891

The frame and drum are constructed entirely of metal. Resistant to elements thanks to its epoxy resin treatment. Available in kit, easy to assemble without the use of tools. Fitted with silent-block preventing the wear of metal on metal. Large size wheels make the handling easier and guarantee stability on all type of ground surfaces. Universal coupling supplied for hose connection, hose holding clip included.
